

# THE FILM STUDIO SDX™ SMART FILM

## GUIDELINES FOR BUSBAR LOCATIONS

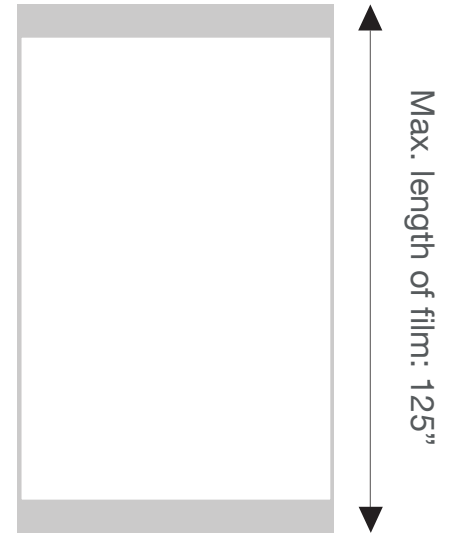

### Configuration A

Both long edges

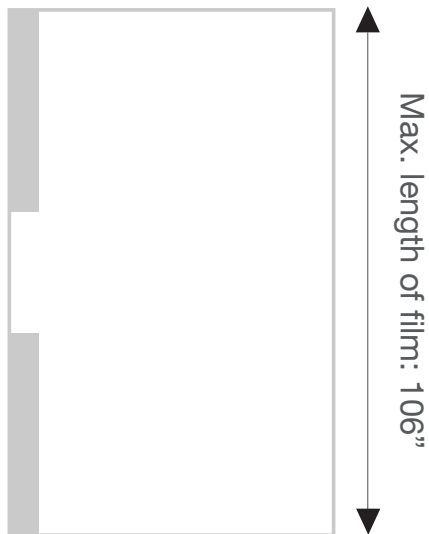

### Configuration B

Both short edges

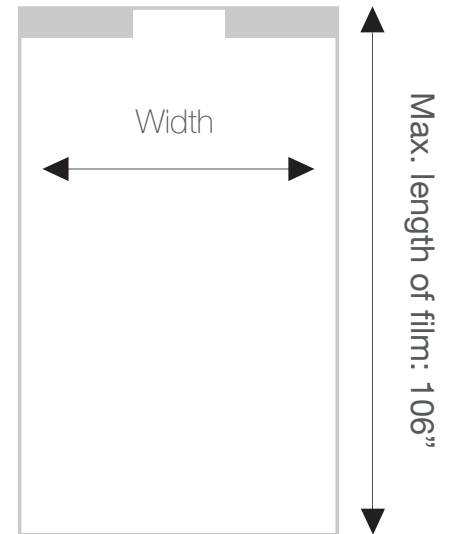

### Configuration C

Single long edges

### Configuration D

Single short edges-  
Ratio L/W < 3

The technical note defines the different options for busbar location and the respective limitations with respect to Decorative Film switch film length. Any configuration other than what is shown here will require Decorative Films' technical approval.
